Star of the week

Star of the week-Adam

For writing his name without his name
card and his football skills.

Please let your child complete their homework in their green books and help them complete their homework on the website.

Thank you for your support.

Miss Marney, Mrs Dawson and Miss Yasmin.

This week in Reception we have been looking at the story, 'Tadpole's Promise'. The children have been learning about the life cycle of a frog and that frogs start off as frogspawn. The children have been sequencing the story and writing speech bubbles. In Maths the children have been recapping their knowledge on 3D shapes. We experimented with the shapes and sorted them into what shapes can roll and what shapes can slide. We also went out into the allotments and planted seeds in our flower beds. We planted spinach, carrots, potatoes, beetroot and spring onions. The children have also planted their own peas and they are now growing. The children check on them each day to see which one is now the tallest.

Next week we will be looking the story of 'The Very Hungry Caterpillar'. The children will be learning about caterpillars and butterflies. They will also be looking at different beans and tasting some. The children will be making pizzas too, which we will sell after school. They will be following pizza making instructions and making shopping lists.
